EDUCATION

B.S., *magna cum laude*, Psychology

May 2018

Lee University, Cleveland, TN

B.S., *magna cum laude*, Health Science

May 2018

Lee University, Cleveland, TN

Overall GPA: 3.90/4.0

RESEARCH EXPERIENCES

Director of Research Operations

The Well-Being Lab, George Mason University, Jan. 2020-Present

PI: Dr. Todd Kashdan, Professor of Psychology

- Working with a team to manage an array of projects, funded by the Templeton Foundation, Koch Foundation, and National Institutes of Health
- Assisting in the development of supplemental grant materials
- Creating codebooks and Qualtrics surveys for data collection and processing
- Utilizing data collection services such as Prolific and Amazon Mechanical Turk
- Guiding lab members in the preparation and submission of abstracts, posters, and publications
- Organizing and maintaining the lab website, Basecamp, and Google Drive

Project Coordinator

Affective & Translational Neuroscience Lab, University of Maryland, Dec. 2018-Dec. 2019

PI: Dr. Alexander Shackman, Associate Professor of Psychology

- Recruiting, screening, scheduling, and collecting data for four projects, one of which was an R01 study funded by the National Institutes of Health
- Collecting ecological momentary assessment (EMA) data
- Creating protocols for laboratory operations and study procedures
- Cleaning and processing data in preparation for posters and publications
- Received Level 2 access at the Maryland Neuroimaging center, where I prepared participants to enter the MRI room through consent form overview and safety screenings

Research-to-Policy Collaboration Intern

Edna Bennett Pierce Prevention Research Center, Pennsylvania State University, May 2018-Dec. 2018

Supervisor: Dr. Taylor Scott, Assistant Research Professor

- Performing qualitative analysis of bills regarding evidence-based research use in policymaking
- Collaborating with a team to summarize how substance abuse prevention research is addressed through legislative action

Student Independent Team Researcher

Office of Behavioral and Social Sciences, Lee University, Jan. 2018-May 2018

Supervisor: Dr. Bryan Poole, Assistant Professor of Psychology

- Hand-picked by department faculty to join a team of researchers in an ongoing study regarding the effect of pre-goal mindset and high-approach affective states (desire) on real-world problem solving
- Scheduling participants to be primed a pre-goal or neutral mindset through a writing prompt before taking a real-world problem solving inventory
- Presenting research alongside a team at the 8th Annual Ollie J. Lee Symposium at Lee University

Student Microbiology Laboratory Researcher

Office of Natural Sciences and Mathematics, Lee University, May 2017-June 2017

Supervisor: Dr. Benjamin Christmann, Assistant Professor of Biology and Health Science

- Conducting a literature review on non-antibiotic treatments for multiple isolates of *Pseudomonas aeruginosa*, an opportunistic pathogen that affects individuals with Cystic Fibrosis, and performing a research project to test whether these treatments would penetrate *P. aeruginosa* biofilm as compared to antibiotics
- Reviewing and following standard laboratory practice regarding Biosafety Level 2 microbes
- Analyzing biofilms optically as well as by using a microplate biofilm assay for optical density
- Creating and submitting a research report

Research Project Leader & Manager

Office of Behavioral & Social Sciences, Lee University, Jan. 2017-May 2017

Supervisor: Dr. Bryan Poole, Assistant Professor of Psychology

- Conducting a literature review on various social factors and their connections to eating disorder symptomatology in college males and developed a research project to determine whether varying levels of gender role stress and religiosity would correlate to binge eating, muscle dysmorphia, body dissatisfaction, or general disordered eating symptomatology in the local college male population
- Assisting in the writing and submission of IRB documentation
- Producing an online survey using SurveyMonkey and distributing the survey through Sona Systems and shared links at multiple local colleges
- Leading a team of student researchers in data collection and statistical analysis using SPSS
- Giving an oral presentation of research at the 7th Annual Ollie J. Lee Symposium at Lee University

MANUSCRIPTS/PRESENTATIONS IN-PREPARATION

Craig, L. E., Kelso, K., Kanuri, S., & Kashdan, T. B. (2021). *Well-being and the continued pursuit and progress toward a purpose in life: a longitudinal study*. Manuscript in preparation.

Craig, L. E., Smith, E. N., Azero, N., Wallace, L. E., Kelso, K. C., & Kashdan, T. B. (2021, February 9-13). *Who is more psychologically flexible, liberals or conservatives? Exploring political ideology and how psychological discomfort is handled during goal pursuit* [Conference presentation abstract]. Submitted to the virtual 2021 Society for Personality and Social Psychology Annual Convention.

Craig, L. E., Lewis, A. O., Lambert, T. C., Wallace, L. E., Kelso, K. C., & Kashdan, T. B. (2021, February 9-13). *A test of whether individuals holding extreme political beliefs are highly dogmatic and incurious* [Conference presentation abstract]. Submitted to the virtual 2021 Society for Personality and Social Psychology Annual Convention.

Craig, L. E., Choi, D. K., Hamlette, D., Wallace, L. E., Kelso, K. C., & Kashdan, T. B. (2021, February 9-13). *Extreme political beliefs are associated with greater outgroup hostility* [Conference presentation abstract]. Submitted to the virtual 2021 Society for Personality and Social Psychology Annual Convention.

Kelso, K. C., Wallace, L. E., **Craig, L. E.,** McKnight, P. E., & Kashdan, T. B. (2021, February 9-13). *Did you discriminate or forget?: How political bias attributions influence intellectual humility and prejudice* [Conference presentation abstract]. Submitted to the virtual 2021 Society for Personality and Social Psychology Annual Convention.

PRESENTATIONS

Wedlock, J. C., **Craig, L. E.,** Smith, J. F., DeYoung, K., & Shackman, A.J. (2020, August 6-9). *The mediating effect of social support on the relationship between intolerance of uncertainty and social anxiety*. Poster presented online for the American Psychological Association 2020 Conference.

Long, E. C., **Craig, L. E.,** Scott, J. T., & Crowley, D. M. (2020, June 20-24). *The use of research in US federal legislation related to substance use prevention*. Poster presented online for the 43rd Annual Research Society on Alcoholism Scientific Meeting.

Nuzzolo, N., Adkins, H., Eller, V., Oechsle, G., **Craig, L. E.,** Potts, S. ... Poole, B. (2018, April). *The effect of motivational intensity on problem solving*. Poster presented at the 8th Annual Ollie J. Lee Research Symposium at Lee University, Cleveland, TN.

Craig, L.E., Valderrama, S., & Poole, B. (2017, April). *Gender role stress, religiosity, and eating disorder symptomatology in undergraduate males*. Poster presented at the 7th Annual Ollie J. Lee Research Symposium at Lee University, Cleveland, TN.

COMMUNITY INVOLVEMENT

Religious Trauma Research Community Organizer

Religious Trauma Institute, Oct. 2020-Present

- Creating an online community for researchers of religious trauma and spiritual well-being to connect and discuss their work
- Compiling a database of research regarding religious trauma and spiritual well-being to be accessed by academics, clinicians, advocates, and survivors
- Assisting in the organization and presentation of monthly Zoom meetings to strengthen this research community

Independent Community Nutrition Educator

Cleveland, TN, Aug. 2016-Feb. 2018

- Initiating a partnership with nonprofits to provide evidence-based educational services to underserved families
- Organizing and presenting interactive presentations regarding nutrition during pregnancy
- Providing resources, such as worksheets and posters, for local nonprofits to continue education with future clients

Advertising Chair, Member

Delta Zeta Tau, Lee University, Jan. 2017-May 2018

- Managing a team to organize and promote campus-wide activities
- Providing logistical and organizational support for service projects on campus and in the community

TEACHING EXPERIENCES

Teaching Assistant, Microbiology

Office of Natural Sciences and Mathematics, Lee University, Aug. 2017-Dec. 2017

Prof.: Dr. Benjamin Christmann, Assistant Professor of Biology and Health Science

- Organizing and presenting relevant research on vaccinations and immunity in a lecture format
- Hosting recitations of course material in response to student needs
- Assisting in the organization and execution of course and laboratory activities

Teaching Assistant, Nutrition

Office of Natural Sciences and Mathematics, Lee University, Jan. 2017-May 2017

Prof.: Dr. Benjamin Christmann, Assistant Professor of Biology and Health Science

- Organizing and presenting relevant research on lipid anabolism and catabolism in a lecture format
- Assisting the professor in the organization and execution of course activities

HONORS & AWARDS

Recipient, Centennial Gold Academic Scholarship to attend Lee University, 2014-2018

Psi Chi National Psychology Honors Society Member, 2017

Beta Beta Beta Biology Honors Society Member, 2017

Alpha Chi National Honors Society Member, 2016

Phi Eta Sigma National Honors Society Member, 2015

Recipient, Lettie Pate Whitehead Foundation Scholarship, 2014
